"A jól képzett szakemberekért"

Békéscsaba Center of Vocational Training

International relations

Aims in 2014-2020:

1. Implementing our running projects successfully
2. Increasing the number of (learners and professionals) mobilities with the help of national and international funds, and with the involvement of all member schools
3. Continuous contact and cooperation with our partners home and abroad
4. Involving further stakeholders in our projects in the next application rounds
5. Working out our international strategy (2015), and making the internal regulation of our international activities (2016)
